# WARNING

## ANNOYANCE CALLS

Intentional annoyance of any person by use of the telephone is prohibited by law. In North Dakota, the maximum penalty for violation is 30 days imprisonment or a fine of \$500.00 or both.

## THREATENING CALLS

It is against the law to use the telephone to threaten to inflict injury on any person, to any persons reputation, or to any property. The maximum penalty for violation is one year's imprisonment or a fine of \$1,000.00 or both.

## FRAUD

It is unlawful in North Dakota to make, possess, sell, give or otherwise transfer any device that can be adapted to obtain free telecommunication services. The advertising of such devices and instructions for making or assembling the devices are also illegal. Fraudulent use of a calling card or telephone billing number in an attempt to obtain tele-communications service and avoid charges is prohibited by law. In North Dakota, the maximum penalty for these offenses is one year's imprisonment or a fine of \$1,000.00 or both.

## LIGHTNING

During a lightning storm, use your phone at your own discretion because it could result in injury or death. Your telephone company assumes no liability for any accident or injury due to use of your phone during a lightning storm.

## **IF BUSY OR NO ANSWER CALL NORTH DAKOTA EMERGENCY ASSISTANCE**

# **1-800-472-2121**

Please find your emergency numbers for Police, Fire, Ambulance and others on the preceding pages and write them on the inside front cover of this phone book. If you can't find the number in an emergency, dial "0" (operator) for assistance or use the above 800 number.

Teach your children how to use the phone in emergencies by dialing "0" for the operator. Also, make sure they know their home phone number and encourage them to always call home if they are going to be late. Give them change to carry for emergency calls.

# GENERAL INFORMATION

## ALLOWANCE FOR FAILURE OF SERVICE

The Telephone Cooperative and/or Company DOES NOT GUARANTEE UNINTERRUPTED WORKING OF ITS LINES OR EQUIPMENT. In case service is interrupted other than by the negligence or willful act of the subscriber, an adjustment will, upon application by a subscriber, be made in the amount of the charges for such service, equipment, and facilities furnished as are rendered useless or inoperative. Any adjustment shall apply only to the period the interruption continues beyond twenty-four (24) hours after notice of the interruption is received by the Telephone Company. No other liability shall in any case attach to the Telephone Company. Request for adjustment on bill must be made within 45 days from period of trouble, interruption or billing question.

## CONSUMER RIGHTS

If you have a problem the Telephone Company has not corrected to your satisfaction, you have the right to file a formal or informal complaint with the North Dakota Public Service Commission. Their address and phone number is: North Dakota Public Service Commission, State Capitol Building, Bismarck, N.D. 58505. 328-2400.

## CONTRACT FOR SERVICE

A patron wishing service must sign an application for service which shall be self-renewing until written notice or default or regulation, by either party to the other is discontinued same.

## DEFAULT OF PAYMENT OR OTHER VIOLATION OF REGULATIONS

Charges for exchange service and facilities are due in advance. Charges for toll and long distance service are due when the bill for such service is rendered. All bills are payable at the Telephone Company's business office. Failure to receive a bill does not exempt the subscriber from the prompt payment of his account. The subscriber is held responsible for all charges for exchange service and facilities furnished at his request and for all toll and long distance service furnished at his station or stations, including charges for toll messages received at his station or stations on which the charges have been reversed. In the event of default of payment of any sum due for either exchange or toll service or both, the use of foul or profane language, the impersonation of any other person with fraudulent intent, or any other violation of the Telephone Company's regulations, the Telephone Company may either suspend service or terminate the service without suspension.

## INCORRECT DIRECTORY LISTINGS

The vast majority of all directory listings are correct. But, as with any job of this size, the possibility for errors does occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In addition, the Telephone Company will assume no liability for damages caused to a subscriber because of such errors or omissions or be a party to controversies arising between subscribers or others as a result of listings published in its directories.

However, we can make sure the listing is correct in Directory Assistance records. In some cases, it is possible for calls to an incorrect number to be rerouted to the correct number.

Your service representative will be happy to help you.

## SUBSCRIBERS RESPONSIBILITY OF TELEPHONE

Telephone instruments are for the use of signed subscribers, their families and employees only. The subscriber is requested not to permit any other person, firm or corporation the use of the same (especially to advertise same) without permission of the Telephone Cooperative and/or Company. All ordinary expense of maintenance and repair, unless otherwise specified in the Telephone Company's tariffs or in the contract for the use of the equipment, will be borne by the Telephone Company. In case of damage to or destruction of any of the said equipment due to negligence of the subscriber, the subscriber shall pay the cost of restoring the equipment to its original condition.

## TARIFF, GENERAL RULES AND REGULATIONS

A book containing the tariff, general rules and regulations covering the operation of the Cooperative and/or Company is open for inspection at the headquarters office and also on file with the Public Service Commission in the State Capitol at Bismarck.

# GENERAL INFORMATION (CONT'D)

## UNLAWFUL WIRETAPPING IS SUBJECT TO PROSECUTION

It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one or both parties actually participating in the call. Properly authorized law enforcement offices can take part in interceptions without the consent of either party, when proceeding under court orders issued following the appropriate federal or state law. The penalty for illegal wiretapping can be imprisonment and/or a fine.

## FRAUDULENT BILLING CAN LEAD TO PROSECUTION

It is illegal for a person to charge long distance calls to another's number or Calling Card without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or a fine.

## HARRASSMENT BY TELEPHONE

It is a crime under both state and federal laws for anyone to make obscene or harassing telephone calls. These laws have penalties of imprisonment and/or a fine.

If you do not want to talk with a person selling a product or service by telephone, just say "No thank you," and hang up.

If you receive annoying, obscene or threatening calls, follow these suggestions:

1. **Hang up** at the first obscene word or if the caller doesn't say anything the second time you say hello.
2. **Give no information** such as your name and address until the caller has been identified.
3. **Advise your children** to give no information to strangers. If you're not home, they should say, "Mother/Father can't come to the phone right now."
4. **If calls persist** call your Business Office or your Police Department.

## TELEPHONE EQUIPMENT

### Moving Company Telephone Equipment

Telephone equipment on the premises of subscribers shall not be moved from one location to another except by a representative of the Telephone Company. For any changes in location of telephone equipment, or wiring, the subscriber shall be required to pay the established charge for making such change in location.

### Customer Provided Telephone Equipment

Customers who provide their own telephone equipment are eligible for credit on extension charges or the basic monthly rate. However, Federal Communications Commission rules require that these customers must:

1. Before connecting the equipment, notify the telephone business office of which line connection will be made upon, plus the registration number and the ringer equivalence number that appear on the equipment. Equipment which has been legally connected to the network and equipment of the same type may be connected without a registration number until July 1, 1979. The manufacturer or retailer should be able to provide this information. If not, call your local telephone business office for assistance.
2. Connect the registered equipment through a standard jack provided by the Telephone Company.
3. Follow the installation, operation, maintenance and repair procedures specified by the manufacturer. Customers must remove the equipment from use if it is defective or if the Telephone Company notifies them it is causing a hazard to the network. Customers will be responsible for making arrangements and paying for repairing and replacing their own telephone equipment. The Telephone Company is not required to repair customer-provided equipment. Our Repair Service will conduct tests to determine the location of the trouble. If a repair visit is required and the service difficulty is caused by your equipment, you will be charged for the visit.

### Home Wiring Options

The Telephone Company will wire your home. If you are building a new home or remodeling your home, we can install telephone wires before the walls are put up. We can also install additional phone extensions. Call a Service Representative for more information about this service and what charges apply. If you prefer, you can hire a phone contractor to do this work or you may do-it-yourself.

# MONEY SAVING TELEPHONE TIPS

## Dial it yourself and save

You can save money by dialing your calls direct without involving an operator. Long Distance Carriers usually offer lower rates on dial-direct calls.

## Call when rates are lower

Some Long Distance Carriers offer lower rates on weeknights and weekends.

## Operator handled calls cost more

Collect, calling card and coin phone calls may require the services of an operator. So do requests for time and charges and calls charged to another number. These operator-assisted calls cost more than dial-direct calls.

## Person-to-person calls cost the most

Calling person-to-person can cost nearly twice as much as other operator-assisted calls. And many times more than the lowest dial-direct rate!

## Take advantage of holiday rates

Some Long Distance Carriers offer lower rates on holidays.

## Schedule your calls

If you call someone frequently, try to arrange a specific time when he or she will be there to take your call. That way you can dial direct and save!

## Plan your conversation

Whether it's business or personal, jot down the things you want to talk about, the questions you want to ask. You'll save calling time - and you won't forget something you wanted to say.

## Don't pay for wrong numbers

If you reach a wrong number, we don't want you to pay for it. Let the operator know right away so that you won't be charged for it. If you call from a coin phone, we'll mail you a refund.

## Let it ring

When you make a call, give your party time to answer - at least 10 rings - before you hang up. This could save you having to make a second call later.

## Bill problems

It's always a good idea to check your phone bill before you pay it. If you have a question about your bill, call a service representative in the business office.

## Bad connection

If you get a poor connection or are cut off on a Long Distance call, both parties should hang up. Whoever placed the call should tell the operator about the bad connection so that the operator can re-establish the call for you and adjust the charge so you aren't charged for the interrupted time.

## Use area codes

Be sure to use the correct area code when dialing outside your own area code. You will avoid reaching a wrong number. Area codes for many cities are listed on page 24.

## Vacation rates

If you are going away for a month or more, you may save money by temporarily suspending your home or business telephone service. The suspended service rate is lower than most regular rates, and you can have your calls transferred to another number.

## One trip

When you move, you can save money on connection charges if you have all your service options (items such as extensions and Push Button service) installed at the same time. Then the installer won't have to make a second trip to your home, and you won't have to pay a second charge.

## Take your phone book with you when you move

It'll save you lots of time when you want to call back to friends or business associates you left behind - you'll already have their numbers and won't have to waste valuable time calling for Long Distance Directory Assistance.

## Coin phone refunds

If one of our coin phones collects your money and doesn't complete your call, jot down the number and report it to us. Just dial "0" (operator) from another phone and we will mail you your refund and repair the phone that's out of order.

# LONG DISTANCE CALLING

## TYPES OF CALLS

### THERE ARE THREE BASIC KINDS OF LONG DISTANCE CALLS:

1. Customer Dialed, Station-to-Station Call is the least expensive type of call. If the customer dials the call direct without "OPERATOR'S" assistance, the customer is charged the lowest rate.
2. Operator-assisted Station-to-Station Calls require "OPERATOR" assistance for completion. The customer will talk with anyone who answers, but needs an "OPERATOR'S" aid to reach the number or for other reasons. Examples of such calls are coin, collect calls; calls billed to third number; code billing (special billing numbers, guest, time and charges and sequence calls.)
3. Person-to-Person Call, the most expensive type of calls for those occasions when the customer wishes to speak directly to a particular person, telephone, department or office reached through a customer's switchboard (PBX).

### Station-To-Station Calls

Call station-to-station if you wish to talk with anyone who answers. Rates for calls that you dial yourself are lower than for calls dialed by the operator. Charging begins when the called telephone is answered.

### Person-To-Person

Call person-to-person when you wish to talk to a particular person or extension number. Tell the "OPERATOR" you wish to make a "person-to-person" call. Rates are higher than station-to-station and also apply when you talk to an alternate person or extension. Charging starts when conversation begins.

### Conference

You can talk with several people in different places at the same time. Tell the "OPERATOR" you wish to make a "conference" call. A special charge will be made for this type of call.

### Problems With Calls

If you reach a wrong number, have a poor connection, or are disconnected, hang up and dial your local telephone company right away. Explain what happened so they can arrange for the proper credit.

### Collect

You can call "collect" if the person or firm you are calling agrees to pay the charge. If you want to make a "collect" call, please be sure to tell the "OPERATOR" when you place the call.

### Coin Calls

From coin phones, see the instruction card on or near the phone, or dial "OPERATOR".

### Calling Card

Customers who have Calling Cards may place calls and charge them to their calling card numbers. If placed from a rotary dial telephone, these calls require "OPERATOR" assistance to record the calling card number. If placed from a push-button dial telephone, please use the instructions provided on your calling card. Calling card calls may be either station-to-station or person-to-person calls. Customers may apply for a calling card by calling their telephone company business office.

### Bill To The Third

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person.

### Wide Area Telecommunications Service (Inward WATS)

Station-to-Station long distance calls may be made without charge to you, to those customers who have Wide Area Telecommunications Service. They offer this service to their customers calling from specific locations. Dial "your access number" plus Area Code "800" plus the special numbers of customers having this service.

### Mobile And Marine Calls

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships which have phones. Calls can be completed by dialing direct or calling the Operator. For information on other communications companies look in the Yellow Pages, under the heading of "Paging and Signaling -- Equipment."

## LONG DISTANCE CALLING DIALING DIRECT • CALLING CARD CALLS OPERATOR-ASSISTED CALLS

### NORTH DAKOTA LONG DISTANCE DIALING

By dialing 1 + 701 + the seven digit telephone number inside the Lata, you will automatically use the intra-exchange carrier you have preselected for your Intralata calls.

By dialing 1 + 701 + the seven digit telephone number outside the Lata, you will automatically use the inter-exchange carrier you have preselected for your Interlata calls.

### OPERATOR ASSISTED, COLLECT, OR PERSON-TO-PERSON

You need to select the correct operator for the area you wish to call. Dialing "0" will connect you to an operator which will place calls only within the lata. Dialing "00" will connect you to the long distance carrier's operator which you have selected to place your interlata calls.

- Dial "0" (Operator) or "00" depending on the area you are calling.
- Then The Area Code.
- Then The Seven-Digit Number.
- Tell The Operator:
  - If Calling Collect—  
"Collect Call" And Your Name
  - If Calling Person-To-Person—  
"Person-To-Person Call" And The Name Of The Person You Wish To Talk To.

### CALLING CARDS

Please use the instructions provided on your calling card.

**Know what's below.  
Call before you dig.**

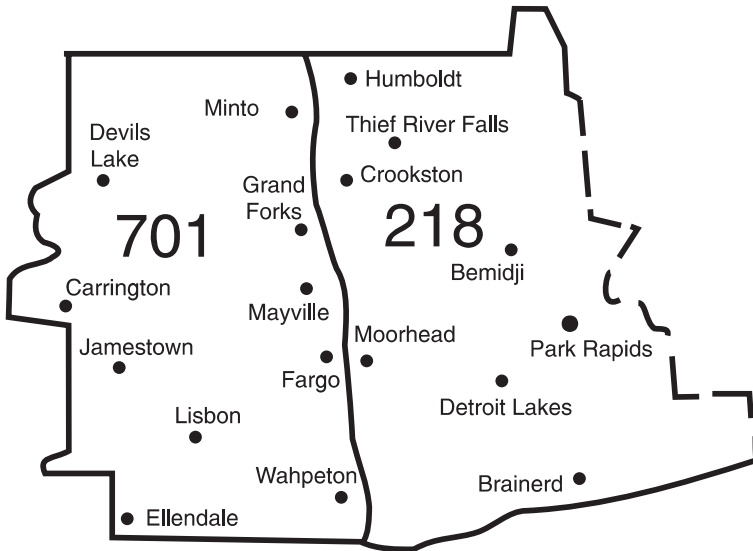

**One free, easy call gets your utility lines marked  
AND helps protect you from injury and expense.**

# LONG DISTANCE CALLING

## LATA'S (LOCAL ACCESS AND TRANSPORT AREAS)

### Your LATA

This map shows you the boundaries of your LATA.

### ★ LATAS

LATAs are new boundaries for telephone customers

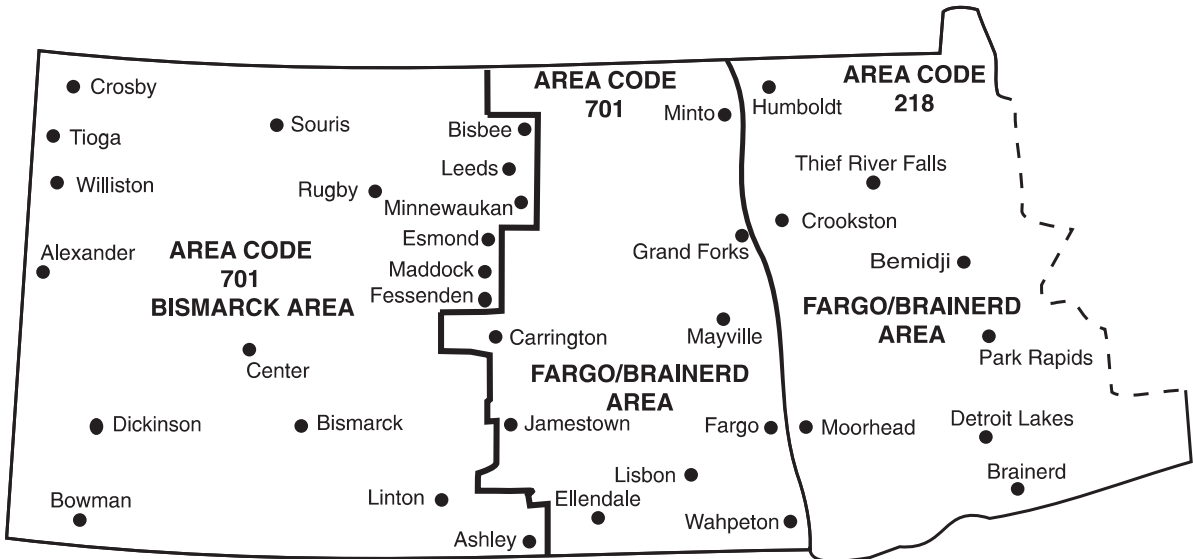

A LATA is a geographic area within which the local telephone company provides local and long distance services, plus access to the telephone network.

**North Dakota has 2 LATAs (see below)**

Bismarck LATA  
Fargo/Brainerd LATA

### BISMARCK LATA

### FARGO/ BRAINERD LATA

# DIRECTORY ASSISTANCE

## Local and National Numbers

Dial 411.

## If You Reach a Wrong Number

Dial "Operator" right away and explain. You will not be charged.

## Time and Charges

Customers, when placing calls, may request from the "Operator" the amount of time and charge for the call. This service requires "Operator" assistance. The call may be either Station-to-Station or Person-to-Person.

## Overseas (Dial "Operator")

You can call practically any telephone in the world from your phone. Tell the Operator you want to place an "Overseas" Call and give her the name of the country that you are calling. DDD and O + dialing available to some exchanges. See 1st page of your Alphabetical Section.

## To Reach Inward WATS Directory Assistance

Dial "1", then Area Code "800", then 555-1212 to obtain numbers of those customers who offer incoming long distance calls without charge to persons calling from specific locations. There is no long distance charge to you.

## Other Special Calls (Dial "Operator")

Calling Card, Conference, Zenith, Mobile or other calls requiring special handling should be placed with the Operator.

## To Obtain Rate to Any Place

Call "Long Distance" If you want to know the charge on a call at the close of your conversation, notify the Long Distance Operator BEFORE YOU PLACE THE CALL.

## SPECIAL NEEDS CENTER FOR CUSTOMERS WITH DISABILITIES

### RELAY NORTH DAKOTA

(For voice telephone users) 1-800-366-6889

(For text telephone users) 1-800-366-6888

(For Relay Customer Service) 1-800-676-3777

North Dakota Telecommunications Relay Service is a communications service that links Deaf and Hard of Hearing people via the telephone.

To use this service, dial the appropriate number above. Give the agent the number you would like to call, and he or she will stay on-line to relay the conversation. You can talk directly with the person you are calling. All calls and information are confidential. This 24-hour relay service is provided at no cost to callers. Long distance calls will be billed accordingly.

# SPECIAL SERVICES

## Custom Calling Services

### Call Waiting

Lets you answer a second call while you're already on the line (See instructions below.)

### Call Forwarding

Lets you program your phone to automatically forward all your calls to another number. (See instructions below.)

### Three-Way Calling

Lets you talk to two people in different locations at the same time. Calls can be local, long distance, or both. (See instructions below and on next page.)

### Speed Calling

Lets you dial your most frequently called numbers by pressing one or two digits on your phone. (See instructions on next page.)

Call your service representative for rates and to see if Customer Calling is available in your area.

### Call Waiting

**This service lets you know if someone is trying to call you while you're using the phone.**

*Here's how your Call Waiting feature alerts you...*

- When you're on the phone, a "beep" tells you a second call is waiting. Only you hear this tone.
- If you don't answer the second call within 10 seconds, another "beep" reminds you it's there.
- The second caller hears only the normal ringing tone.

*To answer the second call...*

- Depress the switchhook\* for about one second to place your first call on hold.
- You are automatically connected with the second caller.

*To alternate between calls...*

- Depress the switchhook for about one second to alternate between calls.
- Each of your conversations is private and cannot be heard by the other caller.

*To end either call...*

- Simply hang up
- Your telephone will ring.
- When you answer it, you'll be connected with the other caller. The call you discontinued will no longer be on the line.

### To Cancel Call Waiting

With this service you can temporarily turn off your Call Waiting **before** making a call that you don't want interrupted. Anyone attempting to call you will receive a busy signal and you will not hear the Call Waiting "beep".

*Here's how:*

1. Before making your call, push "\*\*70" on your Touchtone phone (or dial "1170" on your Rotary dial phone). You will hear 3 beeps. (Do **not** hang up.)
2. Dial the number you want to call.
3. Call Waiting is automatically restored when you hang up.

If you also have Three-Way Calling, you can also turn off Call Waiting **during** a call.

*Here's how:*

1. Firmly depress and release the switchhook on your phone during your conversation.
2. Push "\*\*70" on your Touchtone phone (or dial "1170" on your Rotary dial phone.) You will hear 3 beeps.
3. Push the switchhook button again to continue your conversation without interruption. Call Waiting will not work until you end your call.

### Call Forwarding

**Use this service to transfer (forward) your incoming calls to another number.**

*To forward your calls...*

- Lift the handset and listen for the dial tone.
- Dial \*72 on your Touchtone phone (on Rotary dial phones, dial 1172 and wait four seconds).
- Again, listen for the dial tone.
- Now, dial the number where you want your calls to be forwarded. (You can use Speed Calling codes if you have this feature.)
- You know your Call Forwarding feature is in effect when someone answers at the forwarding number. If there is no answer at the forwarding

number, or if the line is busy, hang up and repeat the steps above. If you do so within two minutes, you'll hear two "beeps", meaning your Call Forwarding feature is now working.

Once you've activated Call Forwarding, your phone will make one short ring each time a call is forwarded. You can still make outgoing calls from this phone.

If you wish to change the number to which your calls are being transferred, just deactivate Call Forwarding (see below), then follow the steps above to forward your calls to the new number.

*To deactivate Call Forwarding...*

- Lift the handset and listen for the dial tone.
- Dial \*73 on your Touchtone phone (on Rotary dial phones, dial 1173 and wait four seconds).
- Listen for two beeps. The Call Forwarding feature is no longer in effect, and calls will ring on your phone.

### Notes:

While your calls are being forwarded, your telephone will ring briefly each time your number is dialed. You cannot answer the calls, but the ring is a reminder that Call Forwarding is still in effect.

If you forward your calls outside of your local calling area, you will be charged for any calls forwarded from your number to the distant number. For example, if you forward your calls to a number in California, the person calling you is charged for the call only to your number, but you are charged the rate from your number to the number in California. While calls are being forwarded, you can still make outgoing calls.

### Call Forward Busy Line

Call forward busy line is a service that allows a customer to have their incoming calls automatically forwarded when their line is busy.

### Voice Mail

Provides a 24 hour voice mail answering and message storage system. Messages may be retrieved from any touch-tone telephone.

# SPECIAL SERVICES (CONT'D)

## Three-Way Calling

To add a third person to your call...

- First, depress the switchhook\* for about one second. This will place the person you're talking with on hold.
- Listen for the dial tone. Then, dial the third person you want to join into the conversation. (You can use Speed Calling codes if you have this feature.)
- When the third person answers, you can talk privately with this person before making the call a three-way conversation.
- To make the call a three-way conversation, depress the switchhook for about one second to add the person you have on hold. Your three-way call is now underway.

If for some reason the call to the third person is not completed, or you decide not to add the third party to the call (for example, the person you want

to talk with happens not to be in), depress the switchhook twice to resume your conversation with the person on hold.

To disconnect the third person...

- Press the switchhook for about one second. You'll now have only the original party on the line.  
– or –
- If either of the other two people hangs up, you can continue talking with the remaining party.

To disconnect completely...

- Simply hang up.

## Speed Calling

With this service you can dial one or two digits and local or long distance calls will be dialed "automatically".

1. Listen for dial tone.
2. Dial the appropriate 1 or 2 digit speed number. (If you have a touchtone phone you may also use the # button to

eliminate the four second pause.)

## To Change or Add Numbers

1. Dial \*74 for 8-number list. Dial \*75 for 30-number list.  
After a four-second pause, you will hear another dial tone. (Press the # button to eliminate the four second pause for touchtone phones only.)
2. Select and dial one of the speed numbers plus the telephone number. Two beeps of tone confirm that the entry has been included in your list.
3. Speed Calling codes for an 8-number list are 2 thru 9. Speed Calling codes for a 30-number list are 20 thru 49.

## IntraCall

With IntraCall you can initiate an intercom call from any phone connected to your main telephone number. Call your service representative for more information.

# ADVANCED CALLING SERVICES

Advanced Calling services are available to customers whose telephone numbers begin with:

285, 288, 289, 346, 349, 357, 358, 374, 375, 379, 396, 424, 427, 432, 435, 485, 486, 489, 493, 633, 646, 647, 652, 668, 669, 674, 678, 683, 684, 685, 687, 689, 698, 724, 733, 735, 742, 749, 752, 753, 762, 763, 769, 778, 783, 796, 883, 924, 945, 962, 973, 984, 952

Call your service representative for rates and activation.

## Automatic Call Back/ Repeat Dialing

You need to reach someone, but their phone is busy. Repeat Dialing calls the party you're trying to reach every minute for 30 minutes.

⓪\*66

To activate this feature, pick up the phone and touch \*66 (Rotary phones dial 1166). If the called party is not busy, your call will be completed. If the called party is busy, you will hear a busy tone indicating that you have activated the service. Hang up your receiver. Your phone will alert you with a distinctive ring when the called party's line becomes available. Pick up the receiver and wait for the called party to answer. If you do not hear a

distinctive ring within 30 minutes of activating, the service will automatically deactivate. You may make other calls while this service is trying to reach a busy number, and you may have more than one Repeat Dialing request active at a time.

⓪\*66

To deactivate, just pick up the phone and touch \*86 (Rotary phones dial 1186). Listen for a busy tone and hang up. Repeat Dialing/Auto Call Back is now deactivated. If you deactivate, you cancel all attempts for Repeat Dialing that currently exist.

## Call Return

Your phone rang, but you were unable to answer in time. With just a touch, Call Return will dial the last number that called YOU.

⓪\*69

To activate, pick up the phone and touch \*69 (Rotary phones dial 1169). If the called party is not busy, you will hear a ringing tone. If the called party is busy, you will hear a busy tone. Hang up your receiver. Your phone will alert you with a distinctive ring when the called party's line becomes available. Pick up the receiver and wait for the called party to answer. If you do not hear a distinctive ring within one

hour of activating, it will automatically deactivate. You may make other calls while Call Return is trying to reach a busy number.

⓪\*89

To deactivate this feature, just pick up the phone and touch \*89. Listen for a busy tone and hang up. Call Return is now deactivated. (Rotary phones dial 1189).

## Call Trace

Are you receiving annoying phone calls? This service lets you trace the call and at your request the local law enforcement agency will investigate.

⓪\*57

To activate this service, immediately pick up the phone and touch \*57 (Rotary phones dial 1157). Listen for a confirmation tone indicating that you have successfully activated Call Tracing. The number of the last call you received will be recorded by the telephone company and provided to your local law enforcement agency at your request. If you completed another call or call waiting tone before activating a trace of the annoyance call, you will trace the last completed call and not the annoyance call. Please keep a note of the times and dates in which you activate successful traces

# ADVANCED CALLING SERVICES (CONT'D)

(traces which you receive a confirmation tone indicating that a trace has successfully been performed). Contact the local law enforcement agency to handle the annoyance call problem. There is a fee for each successful trace. This service should only be used to trace life threatening calls or calls which are of harassing nature in which you may want to press charges.

## **Caller ID**

You'll be able to see who is calling by displaying their number and/or name. With a Caller ID unit installed, you can store numbers that called you so you can use it as a message center. The Caller ID unit is available as an add-on to your existing phone or you can have a special phone with Caller ID features built in.

This type of equipment is able to store local numbers that called you so it can be used as a message center. Even if you have an answering machine or voice mail, you don't always know who called if they choose to hang up and not leave a message. The Caller ID equipment will keep track of their numbers.

## **Anonymous Call Rejection**

prevents calls from ringing on your phone from those callers who are blocking their number when calling you. This service is automatically provided to any subscriber with **Caller ID** service. Anyone who uses one of the blocking options when calling you will automatically be sent to a recorded message informing them you do not want to receive anonymous calls.

To Activate Anonymous Call Rejection: (Dial \*77)

To Deactivate Anonymous Call Rejection: (Dial \*87)

## **Caller ID Blocking**

Prevents your telephone number from being sent to users of the Caller ID service. You can have blocking on a per line basis. Caller ID Blocking is automatically provided to lines that are either unlisted or nonpublished. This service is provided at NO Monthly Charge to all subscribers. A service order charge does apply to activate or deactivate the service.

A line with Caller ID Blocking may deactivate the feature by dialing \*67 (Rotary phone 1167), before making a call.

## **Caller ID/Call Waiting**

Allows a subscriber to see who is calling you when you are on the phone with someone else. While you are on the phone, you will hear your call waiting tone to notify you that a second call is coming in. Wait a few seconds after hearing the tone and the Caller ID display will show you who is calling on the second call. If you want to answer the second call, do so as you would any other Call Waiting call.

## **Selective Call Acceptance\***

A list of 15 numbers is prepared by the customer to define what calling numbers will be accepted. Any numbers not on that list will be routed to announcements and rejected.

Ⓞ\*64

To activate, pick up the phone and touch \*64 (Rotary phones dial 1164). When activated, only numbers from your designated list will come through, all others will be rejected.

## **Selective Call Forwarding\***

This service allows you to have a certain list of 15 calling numbers set up to forward on to a designated remote number where you are able to take calls.

Ⓞ\*66

To activate, pick up the phone and touch \*63. When a number on your list calls in, their call is routed to the alternate forwarding number.

## **Selective Call Rejection\***

A maximum of 15-32 numbers can be set up to be screened. Any number on this list will be routed to an announcement and rejected. All other calls will be treated normally. The rejected party gets an announcement stating that their call is not being accepted by the called party.

Ⓞ\*60

To activate, pick up the phone and touch \*60. Any number that is on the defined list will be routed to an announcement and rejected.

The above services indicated with an "\*", work only within the Dakota Central Telecommunications and Dickey Rural Networks exchanges. The numbers selected for these services must be numbers from either of the two companies.

## **Selective Distinctive Ring**

Custom Ringing allows you to define a list of 15 incoming numbers that you want to receive special incoming treatment. Any calls from numbers on this list will be indicated by a distinctive ringing pattern or call waiting tone.

Ⓞ\*61

To activate this service, pick up the phone and touch \*61 (Rotary phones dial 1161). When a number from the defined list calls in, you hear a distinctive ring or call waiting tone.

## **Toll Restriction**

Restricts a telephone line from making any long distance calls.

## **Twin Line/Custom Ringing**

Allows a residential subscriber the capability to have an additional telephone number assigned to their primary access line. Each number, when dialed, will ring distinctively.

## **Voice Mail**

Provides a 24 hour voice mail answering and message storage system. Messages may be retrieved from any touch-tone telephone.

## **Wakeup Call Service**

Allows a subscriber to set phone as an alarm clock. Dial \*90 (Rotary phone dial 1190). Listen for second dial tone and enter the time you want your phone to ring in military time. You must enter 4 digits. Wait for confirmation tone. To deactivate, touch \*91 (Rotary phone 1191). Wait for confirmation tone.

## **Warm Line Service/Safety Line**

Allows a subscriber to automatically place a call to a preselected telephone number by simply lifting the handset from the switch hook and waiting 15 seconds.

## **Long Distance Alert**

This feature allows end-users to identify incoming long distance calls, whether or not they are on the phone. The user receives a distinctive ring (if on-hook), or a distinctive call waiting tone (if off-hook), indicating that the call is long distance. The feature may be deactivated through either the Cancel Call Waiting or the Long Distance Signal Activate features. Either distinctive ringing or distinctive call-waiting tones, or both, can be enabled and disabled by the network provider.

# STATEMENT OF NONDISCRIMINATION

(SEE LISTING OF TELEPHONE COMPANIES BELOW IN COLUMN A) is the recipient of Federal financial assistance from the Rural Utilities Service, agency of the U. S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, as amended, and the rules and regulations of the U. S. Department of Agriculture which provide that no person in the United States on the basis of race, color, national origin, age or handicap shall be excluded from participation in, admission or access to, denied the benefits of, or otherwise be subjected to discrimination under any of this organizations's programs or activities.

The person responsible for coordinating this organization's nondiscrimination compliance efforts is (SEE LISTING OF PEOPLE RESPONSIBLE BELOW IN COLUMN B). Any individual, or specific class of individuals, who feels that this organization has subjected them to discrimination may obtain further information about the statutes and regulations listed above from and/or file a written complaint with this organization; or the secretary, U. S. Department of Agriculture, Washington, D.C. 20250; or the Administrator, Rural Utilities Service, Washington, D. C. 20250. Complaints must be filed within 180 days after the alleged discrimination. Confidentiality will be maintained to the extent possible.

# PIC FREEZE

A *Preferred Carrier Freeze* is a way of preventing your long distance services from being switched without your permission (slamming). Slamming is a process in which one long distance carrier changes your current long distance services without your authorization. Contact your local telephone company for more information on this service.

# PAY PER CALL SERVICE INFORMATION

## “900” Numbers - FTC Rule Helps Consumers

Before making a 900 number call, you need to know how much the call will cost, what you will get for your money, and what will happen if you have a billing dispute.

The Federal Trade Commission's *900 Number Rule* took the guesswork out of these calls by requiring certain information in ads and preambles for 900 number services. You also have protections under the Federal Communication Commission's own 900 Number Rule that governs the practices of telephone companies.

### 900 NUMBER ADS

All print, radio, and television advertisements for 900 number services must include:

- the total cost of the call if there's a flat fee;
- the per-minute rate if the call is charged by the minute, as well as any minimum charge. If the length of the program is known in advance, the ad also must state the total cost of the complete program;
- the range of fees if there are different rates for different options. The ad also must state the initial cost of the call and any minimum charges;
- the cost of any other 900 number to which you may be transferred; and
- any other fees the service might charge.

This information can't be hidden in small print: The cost of the call must be next to the 900 number and printed in a size that's at least half the size of the 900 number. In a television ad, an audio cost disclosure must also be made.

### WHAT YOU SHOULD HEAR FIRST

When you dial a 900 number that costs more than \$2, you should hear an introductory message or "preamble." You can't be charged for this message. It must briefly describe the service, the name of the company providing the service, and the cost of the call. It also must state that anyone under age 18 needs parental permission to complete the call. Once this information is provided, you must be given three seconds to hang up without incurring a charge.

### EXCEPTIONS TO THE RULE

The 900 Number Rule does not apply if you have a pre-existing contractual agreement with an information service. Be very careful about entering such an arrangement. If you do, your calls to the service - and resulting bills - will not be subject to the Rule's requirements.

The Rule also excludes calls charged to a credit card. However, the bills for such calls would be covered by the dispute resolution procedures of the Fair Credit Billing Act.

### BILLING ERRORS AND DISPUTES

The 900 Number Rule has procedures for resolving billing disputes. Always check your telephone bill for 900 number charges. For each 900 call, your statement should include the date, time, and, for services that have per-minute rates, the length of the call. These charges must

# PAY PER CALL SERVICE INFORMATION (CONT'D)

appear separately from local and long distance charges. Your statement also must include a local or toll-free number for questions about your pay-per-call charges.

Under FCC regulations, the phone company cannot disconnect your regular local or long-distance service if you don't pay a 900 number charge. However, you could be blocked from making future calls to 900 numbers if you don't pay legitimate 900 number charges.

If you find an error on your bill, follow the instructions on your statement. They will tell you who to call or write to dispute the charge. In most cases, it will be your local or long-distance telephone company, but it could be the 900 number company or an independent firm that provides billing services for that company.

You must notify the company listed on your bill within 60 days from the date the first statement containing the error was sent. The company must acknowledge your notice in writing within 40 days unless it has resolved the dispute by that time. Within two billing cycles, but not longer than 90 days, the company must:

- correct the billing error and notify you of the correction, or
- investigate the matter and either correct the error or explain the reason for not doing so.

A company cannot charge you to investigate or respond to a billing dispute. No one can try to collect the disputed charge from you - or report it to a credit bureau - until the company handling the dispute either has corrected the error or explained its reason for not doing so. Companies that don't comply with these rules lose their right to collect up to \$50 of each disputed charge.

However, even if the 900 number charge is removed from your bill, the service provider might pursue the charge some other way, such as through a collection agency. If so, you have additional rights under the Fair Debt Collection Practices Act.

## SWEEPSTAKES AND FEDERAL PROGRAMS

The Rule also covers 900 number services that promote sweepstakes or offer information about government programs. For example, some services offer the chance to enter a sweepstakes and win a prize simply by dialing a 900 number and, in some cases, entering a code. The Rule requires ads for sweepstakes to state the odds of winning or how odds will be calculated.

In addition, the ad or preamble must tell you there's a free way to enter the sweepstakes, how to enter, or how to get that information. You shouldn't have to call - and incur a charge - to enter. This provision doesn't apply to contests where you have to demonstrate a skill, such as answer a question correctly.

Other 900 numbers provide information about federal programs even though they're not affiliated with a government agency. This could mislead some consumers. Under the Rule, the ad and preamble must state that such services are not authorized, endorsed, or approved by a federal agency.

## CHILDREN

The Rule essentially prohibits companies from promoting 900 numbers to young children. Some companies have promoted 900 numbers to children, encouraging them to pick up the phone to talk to a cartoon character. Under the FTC 900 Number Rule, companies are prohibited from advertising or offering pay-per-call services to children under age 12, unless the services are truly educational in nature.

If ads are directed to young people under age 18, they must state that parental permission is required to make the call. Preambles for all 900 number services must contain that statement.

## TOLL-FREE NUMBERS

The Rule generally prohibits:

- using 800, 888, or other toll-free numbers for pay-per-call services, unless you have a pre-existing agreement with the company or you charge the call to a credit card;
- connecting you directly from an 800, 888, or other toll-free number to a 900 number; and
- a collect call back if you have dialed an 800, 888, or other toll-free number.

## FCC RULES ON COLLECT CALLS

Under FCC regulations, pay-per-call services can't make collect calls to you if the charge would be more than - or in addition to - the regular long distance charge for the call. Services that don't impose this additional charge can call collect. However, you can't be charged for the call unless you have clearly indicated that you'll accept the charge.

## TIPS FOR AVOIDING 900 NUMBER PROBLEMS

Scams involving 900 numbers are constantly changing. To help protect yourself:

- **Deal only with reputable companies.** Some companies or organizations sponsor 900 number services for opinion surveys, information, entertainment or other services. Before you call a 900 number, be sure you understand the cost of the call and the nature of the information or service you'll receive.
- **Think twice before calling a 900 number for a "free" gift.** Television ads, postcards and telemarketers may urge you to call a 900 number to get a "free" prize. But you pay for the so-called free gift by making the 900 number call. The provider of the service usually makes money on a per-minute basis, so there's an incentive to keep you on the line.
- **Don't confuse 900 numbers with 800 or 888 numbers.** You pay for a 900 number call. The company pays for most 800, 888, or other toll-free number calls.
- **Talk with your children.** Make sure they understand they shouldn't call 900 numbers without your permission. You can have the phone company block 900 number calls from your phone. The FCC requires local phone companies to make blocking available - where technically feasible - for a "reasonable" fee. However, any subscriber with a new number can request free blocking within 60 days after service begins.

## FOR MORE INFORMATION

You can file a complaint with the FTC by contacting the Consumer Response Center by phone: 202-FTC-HELP (382-4357); TDD: 202-326-2502; by mail: Consumer Response Center, Federal Trade Commission, 600 Pennsylvania Ave, NW, Washington, DC 20580; or through the Internet, using the [online complaint form](#). Although the Commission cannot resolve individual problems for consumers, it can act against a company if it sees a pattern of possible law violations.

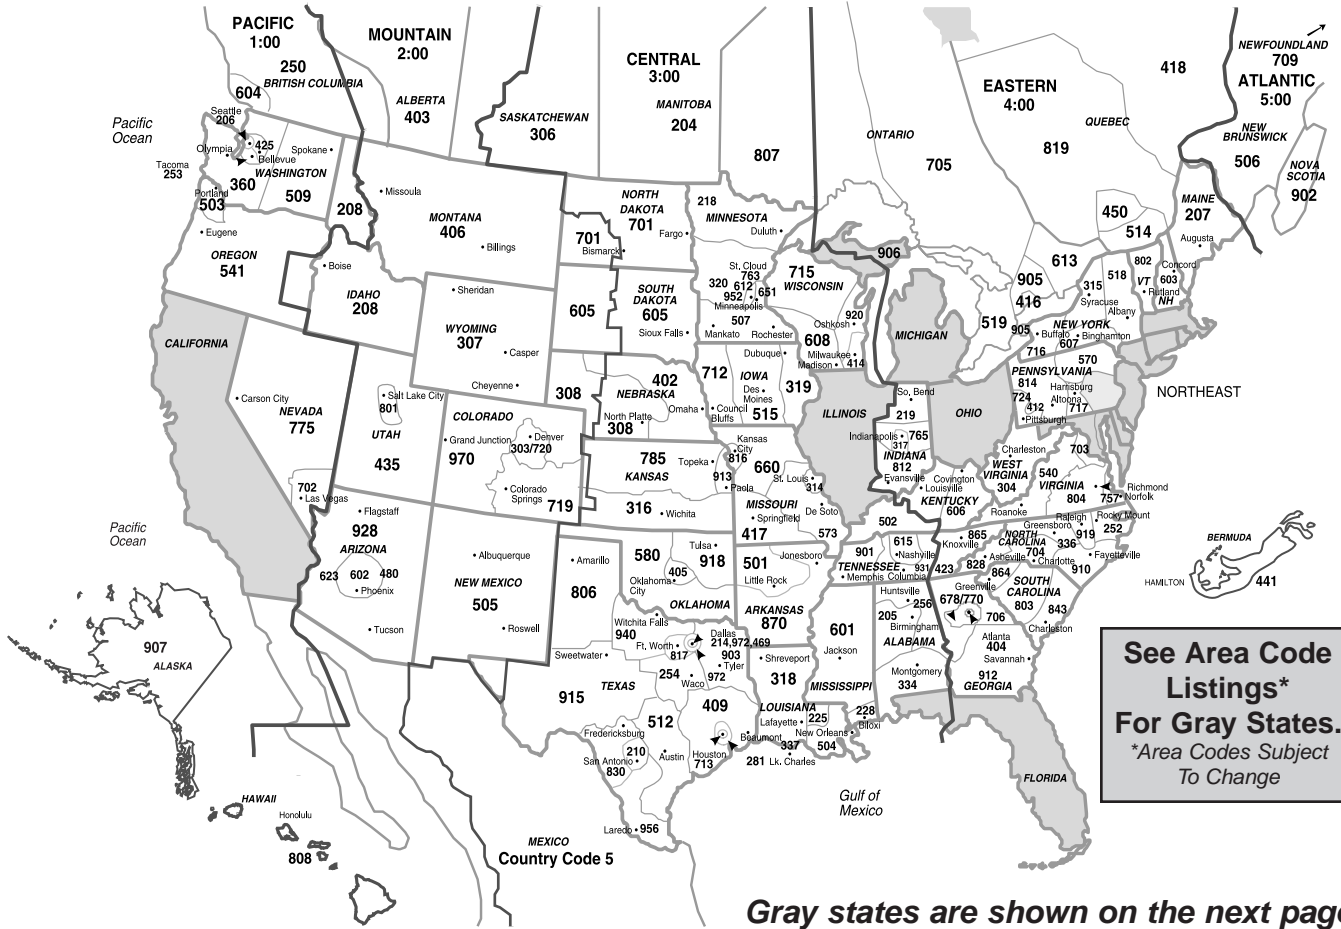

The FTC publishes free brochures on many consumer issues. For a [complete list of publications](#), write for **Best Sellers**, Consumer Response Center, [Federal Trade Commission](#), 600 Pennsylvania Ave, NW, Washington, DC 20580; or call (202) FTC HELP (382-4357), TDD (202)326-2502.

# HOME TELEPHONE ASSISTANCE

## CAN'T AFFORD TELEPHONE SERVICE? LINK UP AND LIFELINE PROGRAMS CAN HELP

### HOME TELEPHONE ASSISTANCE (TRIBAL AREAS)

*Link Up and Lifeline can help eligible people who live on TRIBAL LANDS. You could receive local telephone or cellular service for \$1.00 per month plus mandated charges and taxes. The programs also offer assistance with telephone service hook up costs.*

#### LINK UP:

- Assists with initial hook up charges for basic local telephone or cellular service (\$100 maximum).
- Your telephone or cellular company may set up a payment plan on the balance and waive interest.
- You may qualify for service without a deposit. Ask the company providing your service.

#### LIFELINE:

- Provides basic local telephone or cellular service for \$1.00 a month (plus mandated charges and taxes).
- Applies only to basic local telephone or cellular service in the home where you live.

#### WHO IS ELIGIBLE:

- Residents of tribal lands whose income is equal or less than 135% of the federal poverty guidelines; **OR**
- Residents of tribal lands participating in at least one of the following programs: **BIA General Assistance, Federal Public Housing Asst. (Sect. 8), Food Stamps benefit recipient, Head Start or Early Head Start** (only those meeting its income qualifying standard), **Heating Assistance, Medicaid, National School Free Lunch Program, SSI, TANF, or TTANF.**

#### HOW TO OBTAIN THE TELEPHONE SERVICES:

- You may self certify at your local telephone or cellular office that you meet at least one of the eligibility requirements; **OR**
- If you are eligible for qualifying programs (listed above) administered through your county social services office, you may *automatically* receive a Qualifying Certificate within a month by mail. Provide the Qualifying Certificate to your local telephone company and do the necessary paperwork.

#### HOW LONG WILL THESE BENEFITS CONTINUE:

- As long as you continue to meet the eligibility requirements previously mentioned.

#### FOR MORE INFORMATION:

- For more information on Link Up and Lifeline, please contact your local telephone or cellular company.

**NOTE: Under ND Rules, if you have been disconnected for nonpayment of telephone bills, local telecommunications service is available to you if you bring your local bill current. You may be required to pay a reconnect fee.**

### HOME TELEPHONE ASSISTANCE

*Link Up and Lifeline help eligible people with telephone or cellular costs.*

#### LINK UP:

- Will save you 50% of the initial charges to hook up basic telephone or cellular services, or \$30, whichever is less.
- Your telephone or cellular company may set up a payment plan on the balance and waive interest.
- You may qualify for service without a deposit. Ask the company providing your service.

#### LIFELINE:

- Can save you at least \$8.25 on your monthly phone bill for basic local telephone or cellular service.
- Applies only to basic local telephone or cellular service in the home where you live.

#### WHO IS ELIGIBLE:

- Residents whose income is equal or less than 135% of the federal poverty guidelines; **OR**
- Anyone participating in one of the following programs: **TANF, Food Stamps, Energy Assistance, Medicaid, SSI, Federal Public Housing Assistance, National School Free Lunch Program.**

#### HOW TO OBTAIN THE TELEPHONE SERVICES:

- You may self certify at your local telephone or cellular office that you meet at least one of the eligibility requirements; **OR**
- If you are eligible for qualifying programs (listed above) administered through your county social services office, you may *automatically* receive a Qualifying Certificate within a month by mail. Provide the Qualifying Certificate to your local telephone company and do the necessary paperwork.

#### HOW LONG WILL THESE BENEFITS CONTINUE:

- As long as you continue to meet the eligibility requirements previously mentioned.

#### FOR MORE INFORMATION:

- For more information on Link Up and Lifeline, call your local telephone or cellular company.

**NOTE: Under ND Rules, if you have been disconnected for nonpayment of telephone bills, local telecommunications service is available to you if you bring your local bill current. You may be required to pay a reconnect fee.**

**NOTE:** Individuals who live on tribal lands may be eligible for a different Lifeline and Link Up program. Contact your local telephone or cellular company for more information.

# VALLEY CITY MAP

## VALLEY CITY MAP

# COUNTRY & CITY CODES

## HOW TO USE DIAL AN INTERNATIONAL LONG DISTANCE CALL

**011 + (Country Code) + (City Code) + (Telephone Number)**

For example, to place a call to Mexico City, Mexico you would dial 011-52-55-555-1234

**011**-International Dialing Prefix • **52**-Country Code for Mexico • **55**-City Code for Mexico City • **555-1234**-Phone Number

*Direct dialing is easy and will allow you to pay the lowest rate available to you from your International long distance plan.*

## HOW TO USE THIS CHART

The bold number following the country name is the "Country Code"

Bold numbers beside city names are "City Codes"

The number to the right of the country name is the approximate time difference from Central Standard Time. There are many web sites available using your favorite search engine that list the most up-to-date international dialing codes.

# REPAIR SERVICE

## FOR DICKEY CUSTOMERS ONLY

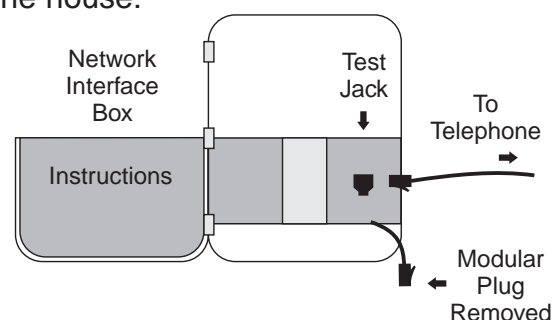

*Simple tests can be done to determine whether to call your local telephone company or another company. These tests may save you time and money.*

Repair Service reporting numbers are on page 8 of this section.

### BEFORE YOU CALL

1. Hang up all telephones. Make sure phone accessories - answering or fax machines, computers, modems, security system, and telephone sets - are working. To check, unplug the phone cord from the unit or the jack and check for damage. Leave everything unplugged for 5 minutes. Then try plugging in phone sets one at a time to see if the trouble still exists.
2. If all the phone accessories are working, go to your network interface box. (Outside, where the phone line enters the house.)
3. Test to determine if the problem is inside or outside the house:

- A. Take a working phone to the network interface box (single line phone only.)
- B. Remove the modular plug from the test jack and insert the modular plug from your phone.

*If the same problem occurs:*

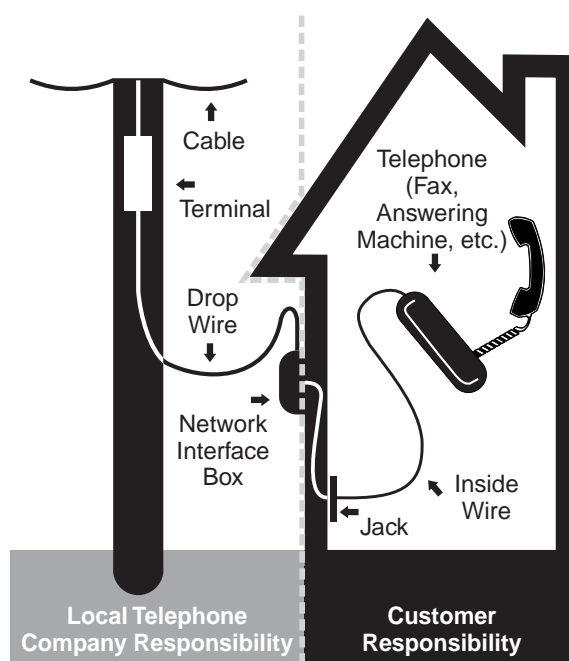

the problem may be in the phone lines. Call your local telephone company. If the problem is in the phone lines, they will repair the lines at no charge to you.

*If the problem does not occur:*

the problem is in your wiring. Call your local telephone company or another company to repair your inside wiring.

*If the problem is in your telephone set:*

follow the instructions on your warranty or contact your equipment retailer for repair or replacement.

# LOCAL CALLING

## TOLL FREE CALLING AREA

There is no long distance charge on calls from your community to those listed to the right of it. Just dial the listed number.

# DIRECTORY ASSISTANCE

## **Local and National Numbers**

Dial 411.

## **If You Reach a Wrong Number**

Dial "Operator" right away and explain. You will not be charged.

## **Time and Charges**

Customers, when placing calls, may request from the "Operator" the amount of time and charge for the call. This service requires "Operator" assistance. The call may be either Station-to-Station or Person-to-Person.

## **Overseas (Dial "Operator")**

You can call practically any telephone in the world from your phone. Tell the Operator you want to place an "Overseas" Call and give her the name of the country that you are calling. DDD and O + dialing available to some exchanges. See 1st page of your Alphabetical Section.

## **To Reach Inward WATS Directory Assistance**

Dial "1", then Area Code "800", then 555-1212 to obtain numbers of those customers who offer incoming long distance calls without charge to persons calling from specific locations. There is no long distance charge to you.

## **Other Special Calls (Dial "Operator")**

Calling Card, Conference, Zenith, Mobile or other calls requiring special handling should be placed with the Operator.

## **To Obtain Rate to Any Place**

Call "Long Distance" If you want to know the charge on a call at the close of your conversation, notify the Long Distance Operator BEFORE YOU PLACE THE CALL.

# SPECIAL NEEDS CENTER FOR CUSTOMERS WITH DISABILITIES

## **RELAY NORTH DAKOTA**

(For voice telephone users) 1-800-366-6889

(For text telephone users) 1-800-366-6888

(For Relay Customer Service) 1-800-676-3777

North Dakota Telecommunications Relay Service is a communications service that links Deaf and Hard of Hearing people via the telephone.

To use this service, dial the appropriate number above. Give the agent the number you would like to call, and he or she will stay on-line to relay the conversation. You can talk directly with the person you are calling. All calls and information are confidential. This 24-hour relay service is provided at no cost to callers. Long distance calls will be billed accordingly.

# COUNTRY & CITY CODES

## HOW TO USE DIAL AN INTERNATIONAL LONG DISTANCE CALL

**011 + (Country Code) + (City Code) + (Telephone Number)**

For example, to place a call to Mexico City, Mexico you would dial 011-52-55-555-1234

**011**-International Dialing Prefix • **52**-Country Code for Mexico • **55**-City Code for Mexico City • **555-1234**-Phone Number

*Direct dialing is easy and will allow you to pay the lowest rate available to you from your International long distance plan.*

## HOW TO USE THIS CHART

The bold number following the country name is the "Country Code"

Bold numbers beside city names are "City Codes"

The number to the right of the country name is the approximate time difference from Central Standard Time. There are many web sites available using your favorite search engine that list the most up-to-date international dialing codes.
